ABOUT US

OUR STORY

Eurotec Australia is proud to introduce a new standard in commercial kitchen equipment supply. Headquartered in Sydney and operating nationwide, we are a specialist importer and distributor of premium European appliances, working exclusively through a network of trusted dealers, consultants and project professionals.

Our mission is to help Australian hospitality operators build better kitchens. Whether you're delivering a large-scale project for a hotel group, upgrading facilities in a healthcare or education setting, or supplying equipment for a multi-site restaurant chain, Eurotec is here to provide the products, support and technical expertise you need.

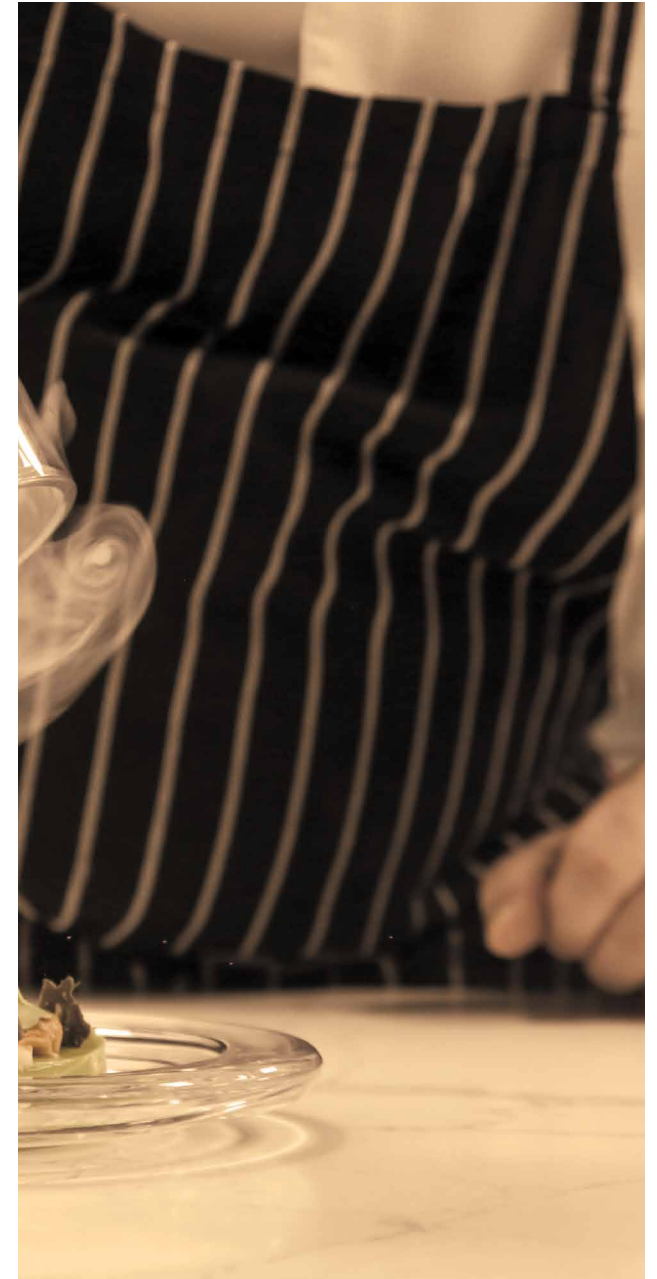

ABOUT US

WHO WE ARE

Eurotec Australia is a proudly Australian owned and operated distributor specialising in premium commercial kitchen appliances. With years of industry experience, our sales and presales teams are knowledgeable product specialists committed to helping you tailor solutions that perfectly suit your client's requirements.

As a distributor, we sell exclusively through our trusted network of resellers. We take pride in building strong, long-term relationships with our customers and supporting their growth. Our customer-first approach enables us to proactively engage with resellers and adapt swiftly to evolving market conditions.

Eurotec Australia represents a broad portfolio of products from the world's leading European and global manufacturers. As the preferred Australian distributor for many of these brands, we are dedicated to empowering our partners with industry-leading solutions based on the finest commercial kitchen appliances available.

ABOUT US

OUR MISSION

Our mission is to consistently deliver unrivaled performance to our customers and partners through leading product design, project delivery and exemplary service. We seek to create long-term relationships that drive value for our customers.

ABOUT US

OUR VISION

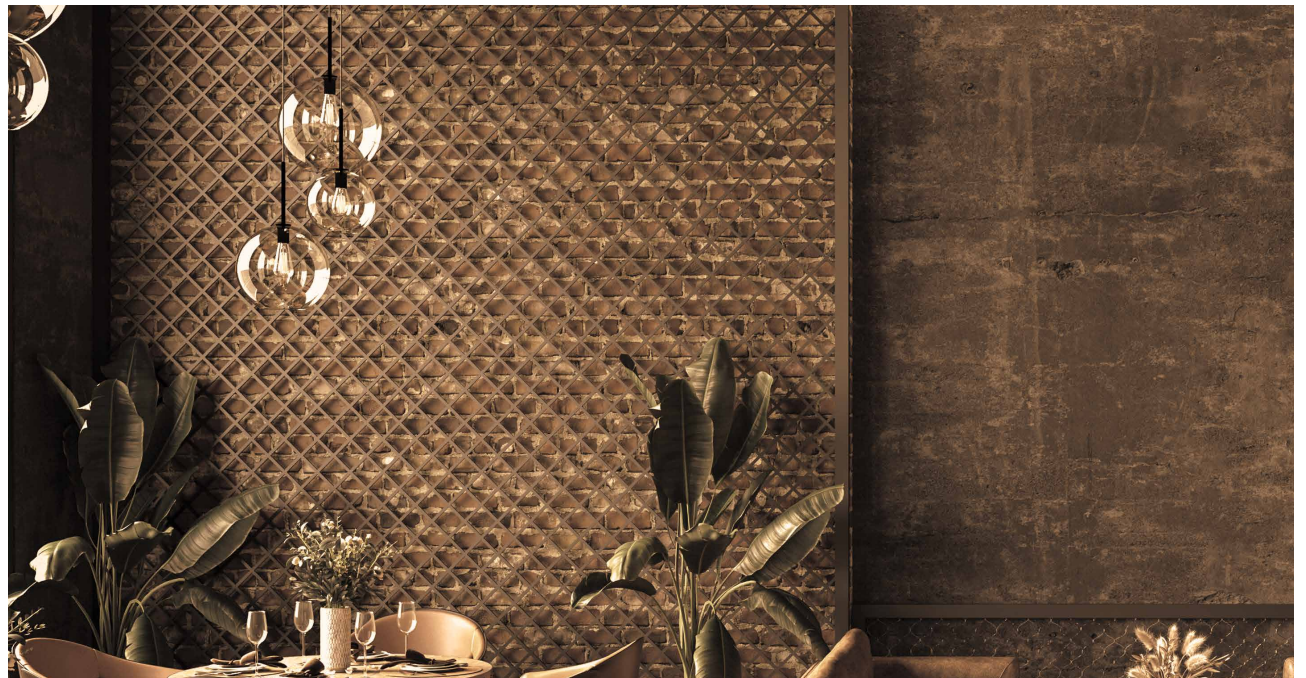

Our vision is to be recognised as Australia's leading provider of innovative and reliable European-manufactured commercial kitchen equipment across all markets we serve.

IT'S MORE THAN A PRODUCT. IT'S A COMPLETE SOLUTION.

At Eurotec Australia, we supply premium products but deliver far more than just equipment. Our quality is second to none and is just one part of the value we offer. We take pride in fully understanding each application to ensure the equipment we provide is the perfect fit for the job.

THE MOST IMPORTANT THING WE BUILD IS RELATIONSHIPS.

We cultivate strong, long-term partnerships by listening first. Our customers and partners rely on us to always do the right thing and keep our promises every time. We're proud to say we are not just trustworthy, we are truly trusted.

ABOUT US

CORE VALUES

PASSIONATE ABOUT GREAT KITCHENS AND STRONG RELATIONSHIPS, WE WORK WITH TRUSTED EXPERTS TO DELIVER SUSTAINABLE, HIGH-QUALITY SOLUTIONS BUILT ON TEAMWORK, INTEGRITY, AND EXCEPTIONAL SERVICE.

At Eurotec Australia, we only work with manufacturers who match our standards for quality and reliability. Equipment that is made in Europe, designed for long-term use, and suited to the types of commercial projects we support throughout Australia. From quick service outlets and hotel kitchens to aged care and public sector contracts, the brand consistently delivers.

BRAND PARTNERSHIPS

ELECTROLUX PROFESSIONAL

We are proud to be the official distributor of Electrolux Professional in Australia. As one of the most respected global brands in commercial foodservice, Electrolux Professional is known for its high-performance cooking lines, advanced refrigeration systems and energy-efficient ware washing equipment.

Manufactured in Italy, Electrolux Professional products combine innovation with reliability. They are designed for demanding environments, with a focus on hygiene, durability and long-term operational efficiency. Through Eurotec, Australian dealers and consultants now have direct access to this globally trusted range, supported locally by technical resources, product knowledge and after-sales care.

ELECTROLUX PROFESSIONAL

XP SERIES

The Electrolux Professional XP line is a complete modular system designed for maximum kitchen flexibility.

Available in two series, the 700XP with a depth of 700 mm and the 900XP with a depth of 900 mm, the range offers over 70 cooking functions across gas and electric units, including fryers, cooktops, griddles, induction tops, pasta cookers and boiling pans.

MODULAR COOKING WITH THE ELECTROLUX PROFESSIONAL XP LINE

Built in Italy, the XP line allows dealers, consultants and builders to create tailored layouts that suit any project, whether wall-mounted, island or line-up configurations.

Its durable construction and ergonomic design make it a long-term solution for kitchens that operate under pressure.

ELECTROLUX PROFESSIONAL

SKYLINE COMBI OVENS

SkyLine ovens are the result of years of research and real-world chef input. Combining performance and usability, the range includes combi steam and convection ovens with intuitive controls, programmable cycles and automatic humidity management.

The optional SkyDuo connection links ovens to blast chillers for safe, HACCP-compliant food handling with less manual labour.

PRECISION BAKING AND ROASTING WITH SKYLINE COMBI OVENS

SkyLine ovens are ideal for sites where food safety, consistency and output matter, including healthcare, aged care, education and QSR operations. Their energy efficiency and compact footprint make them just as suited to smaller kitchens as they are to full-scale facilities.

ELECTROLUX PROFESSIONAL

SKYLINE CHILLERS

SkyLine Chill blast chiller/freezers are designed to combine speed, precision and reliability. The range offers rapid chilling and freezing with intuitive controls, programmable cycles and automatic temperature management to ensure food safety and maintain quality.

The optional SkyDuo connection links chillers to SkyLine ovens for seamless, HACCP-compliant food handling with minimal manual labour.

SAFE AND EFFICIENT COOLING WITH SKYLINE BLAST CHILLERS

SkyLine Chill units are ideal for kitchens where food safety, consistency and output are critical, including healthcare, aged care, education and QSR operations.

Their energy efficiency, compact footprint and versatile capacity make them equally suited to smaller kitchens and high-volume facilities.

ELECTROLUX PROFESSIONAL

REFRIGERATION, WAREWASHING & ICE MAKING

Electrolux Professional offers a complete range of commercial kitchen equipment designed for reliability, efficiency and performance.

From refrigeration and warewashing to ice machines, every product combines precision engineering with energy-efficient operation, helping kitchens maintain food safety, consistency and productivity across a variety of settings.

ELECTROLUX
PROFESSIONAL
DELIVERS QUALITY,
RELIABLE, EFFICIENT
AND HIGH-
PERFORMANCE
KITCHEN EQUIPMENT
TO KEEP YOUR
OPERATIONS SAFE,
CONSISTENT AND
PRODUCTIVE.

ELECTROLUX PROFESSIONAL

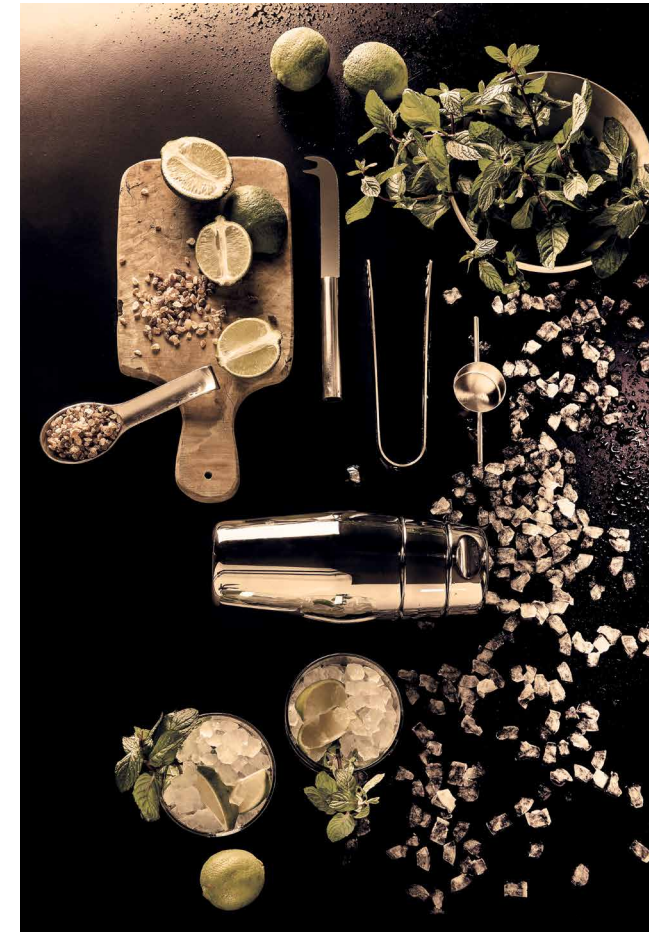

REFRIGERATION

Reliable, precise and energy-efficient, Electrolux Professional Refrigeration keeps ingredients fresh and kitchens running smoothly. Compact and high-capacity units cater to both small and high-volume operations.

WAREWASHING

Available in hood-type and undercounter formats, Electrolux Professional Dishwashers offer fast, hygienic cleaning with minimal water and energy use, making them ideal for busy commercial kitchens.

ICE MACHINES

Electrolux Professional Ice Machines provide consistent, high-quality ice with durable, energy-efficient operation, supporting hospitality, healthcare and high-demand foodservice environments.

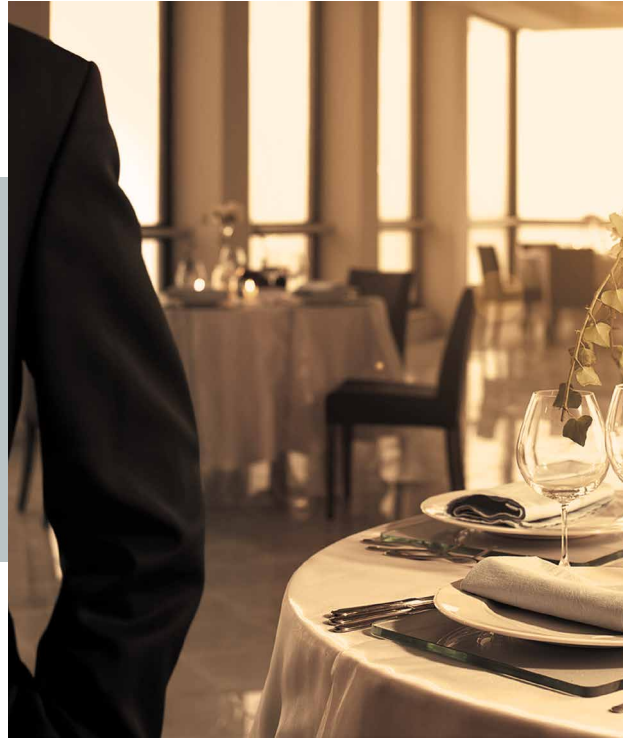

SERVICES

ADDITIONAL SERVICES

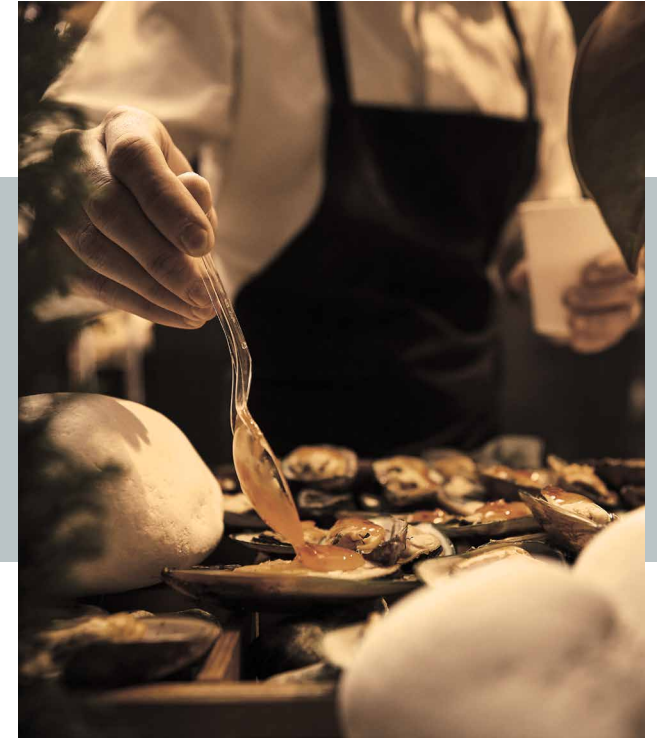

CONSULTATION & DESIGN

Working closely with architects, designers, and consultants to design customised kitchen layouts and select the right equipment for each project.

PROJECT MANAGEMENT

Connecting you with trusted specialists for large projects, from equipment selection and installation through to commissioning.

AFTER-SALES SUPPORT

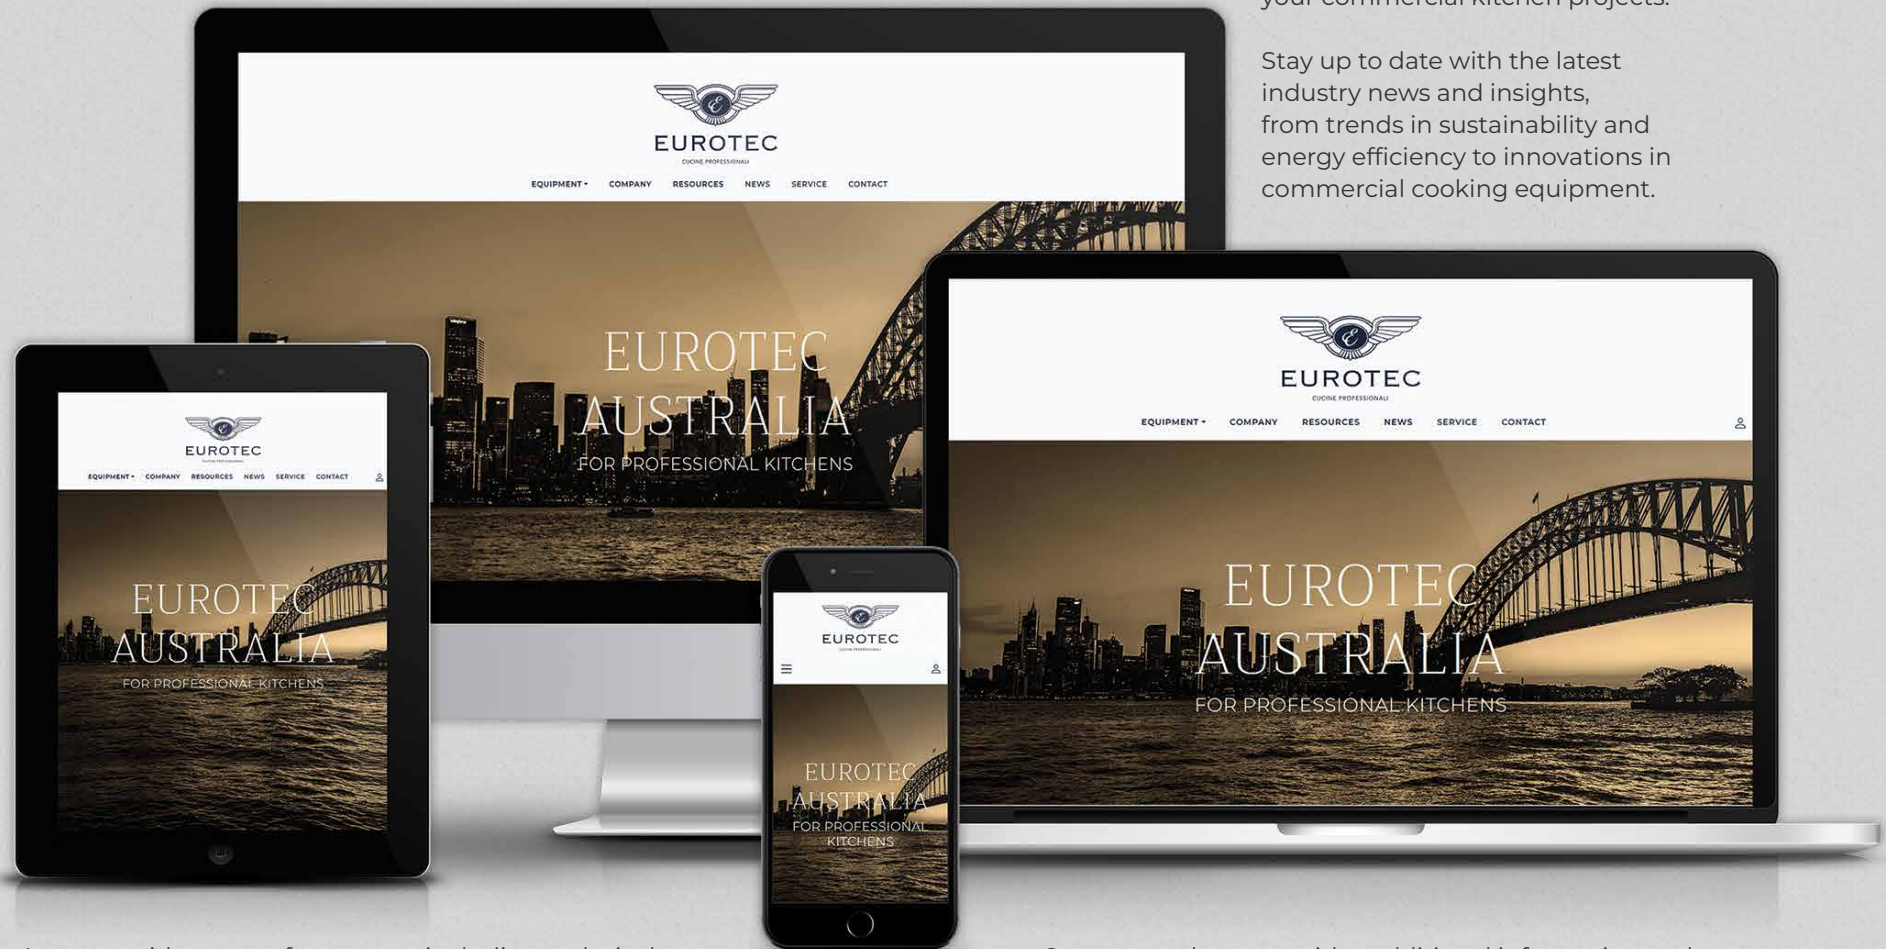

Offering ongoing maintenance, servicing, and warranty support through a network of approved service providers.

SERVICES

ONLINE SUPPORT

At Eurotec Australia, our website is designed to keep you informed and supported. Explore detailed product information, specifications and images to help you make the right choices for your commercial kitchen projects.

Stay up to date with the latest industry news and insights, from trends in sustainability and energy efficiency to innovations in commercial cooking equipment.

Access a wide range of resources, including technical documents, brochures and files, all available for download to support your operations.

Our reserved area provides additional information and tools for our customers and partners, offering exclusive access to content and resources tailored to your needs.

FINAL WORD

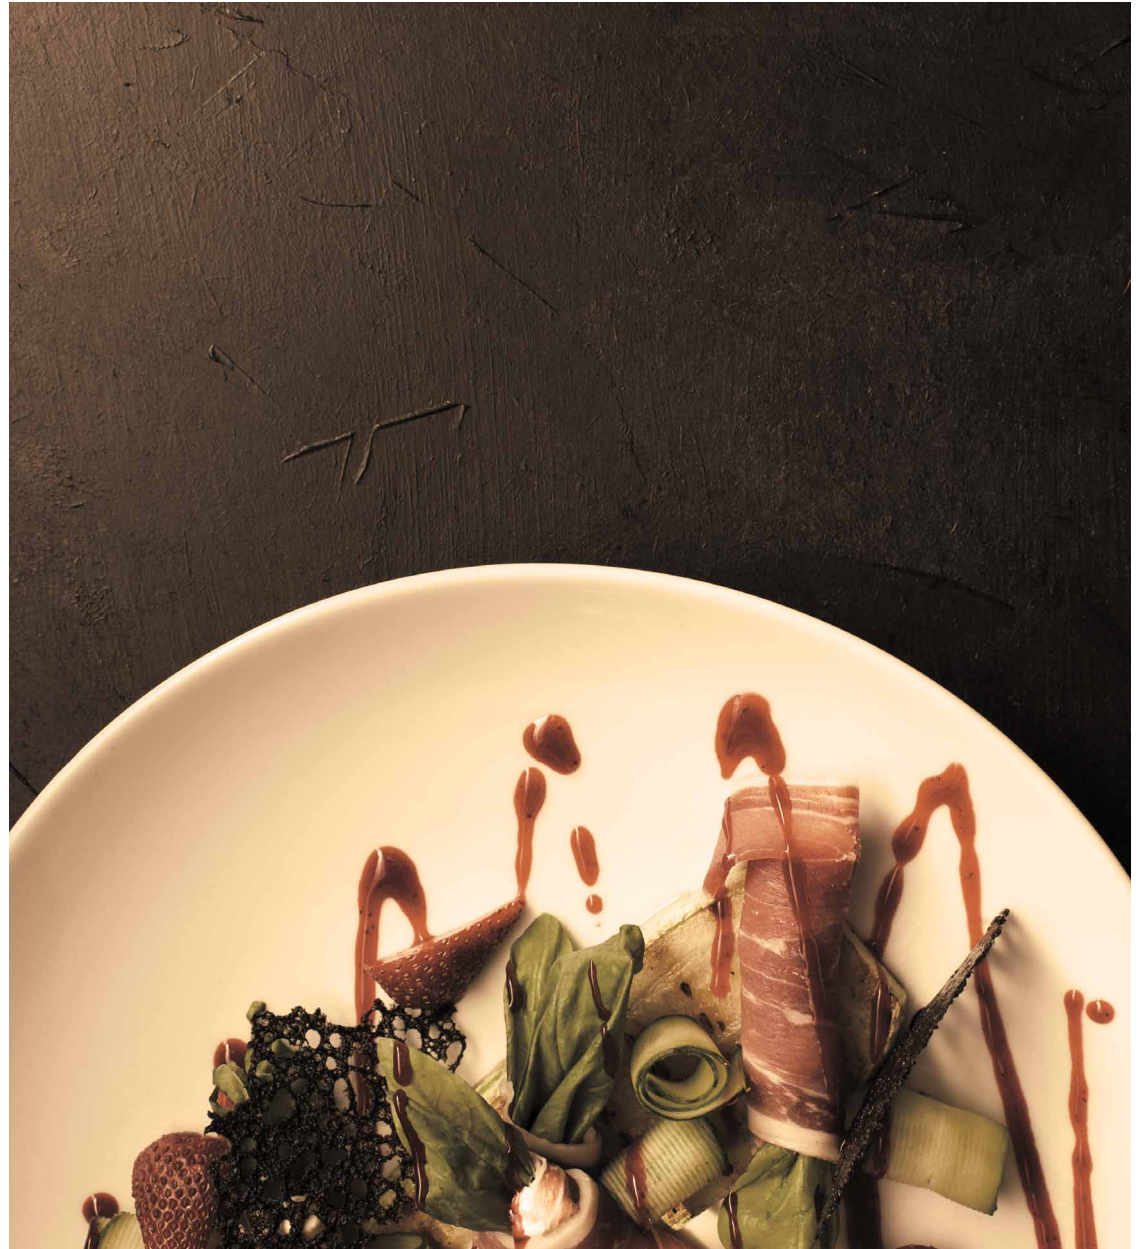

BUILT FOR PROJECTS, BACKED BY PROFESSIONALS

Eurotec is not a retailer. We support the trade by working directly with dealers, project managers, consultants, architects and builders across the country.

This model ensures every customer has access to tailored support, local expertise and product solutions that align with their project needs.

Our core focus is large-scale and professional kitchens across hospitality, healthcare, aged care, education and government sectors.

We work with you from the planning stage through to installation and commissioning, helping to deliver the right outcome for each client.

WHO WE ARE

Eurotec Australia is a dedicated local distributor of the world's finest European commercial kitchen appliances. We deliver exceptional value by providing solutions that ensure unmatched consistency, precision and product quality.

Our expert team works closely with you to consult, collaborate and tailor solutions essential to all areas of the hospitality, foodservice and manufacturing industries.
